NEW

WALTHER PPK

Walther's industry-leading innovation takes the spotlight with their PPK model handguns. At the time of its invention over 80 years ago, the PPK inspired an entirely new category in the firearm industry, now widely known as the concealed carry pistol. It is chambered in .380 ACP, the PPK provides all the power needed in a self-defense pistol without sacrificing on critical functionalities. It features a single-action/double-action trigger that decocks when rotating the safety down into the safe position, first introduced by Walther. To this day, the PPK is still one of the most sought after concealed carry pistols on the market. This demand serves as a testament to Walther's long-enduring legacy of excellence and unparalleled performance. The timeless design and superior engineering make the PPK a true legend amongst firearms.

ITEM NO. 2851971 (STAINLESS)
ITEM NO. 2851962 (BLACK)

Technical data

Caliber	.380 ACP
Magazine Capacity	6 rounds
Safety Devices	safety switch
Frame	Steel
Trigger Action	SA / DA, hammer fired
Trigger Weight	2800 g (SA), 6000 g (DA)
Sights	fixed sights
Sight Radius	109 mm
Barrel Profile	lands and grooves
Barrel Length	84 mm (3.3")
Overall Dimensions (L/H/B)	155 / 97 / 25 mm
Weight, w/empty Magazine	625 g
Features	loaded chamber indicator, manual safety/decocker, beaver tail
Packaging	noble hardcase

NEW

WALTHER PPK/S

An evolution of the classic PPK, the PPK/S maintains the timeless features, essence and the elegance of the original with an additional extended grip allowing for added capacity and improved ergonomics. To execute this revolutionary concept, the Police Pistol Kriminal took all the modern advancements available at the time and combined them into one performance leading pistol. It features a single-action/double-action trigger that decocks when rotating the safety down into the safe position, first introduced by Walther. Few guns have withstood the test of time like the brilliantly designed PPK.

ITEM NO. 2851997 (STAINLESS)
